## Приложение 1 SONG

An octopus is big, but a seal is bigger.  
A seal is big, but a whale is bigger.  
A jellyfish is small, but a crab is smaller.  
A crab is small, but a shrimp is smaller.  
A penguin is fast, but a shark is faster.  
A shark is fast, but a dolphin is faster.  
A turtle is slow, but a jellyfish is slower.  
A jellyfish is slow, but a lobster is slower.  
This fish is short, but that fish is shorter.  
This dolphin is long, but that shark is longer.  
That shark is long, but this whale is longer!
